**Indicates programs with all-inclusive pricing. All-inclusive pricing refers to programs that have a “guaranteed tuition” for the duration of the academic program, regardless of length of the program. However, this pricing is based on the assumption that students will progress to graduation according to the official program of studies. If a student falls behind (i.e. drops to part time status or takes a leave of absence) then they will be charged the appropriate all-inclusive pricing of the new cohort they are assigned to, based on the revised graduation date.*

PAYMENT OF TUITION AND FEES

PAYMENT OPTIONS

Payments can be made by online through <https://smurf.samuelmerritt.edu>, by payment plan, by check either in person or by mail, or through third-party billing.

PAYMENT PLANS

Payment plans are available each semester at 0% interest rate and \$35 set up fee. Payment plans must be set up each semester through the student's SMURF account.

CHECK PAYMENTS

Please note that all checks should be made payable to *Samuel Merritt University*. Mail or deliver checks to Samuel Merritt University, Attn: Cashier's Office, 3100 Telegraph Avenue, Suite 1110, Oakland, CA 94609.

3rd PARTY BILLING

For 3rd party billing or outside agency billing, which may pay all or part of your tuition and fees, submit all paperwork to the Office of Student Accounts. If you have additional questions on the process, please contact studentaccounts@samuelmerritt.edu or 510-879-9236.

DUE DATES

Tuition and fees are due before the first day of each semester to be considered paid on time. Students wishing to pay their tuition by credit card and use their financial aid for living expenses must pay on SMURF 14 days before the start of the semester. Credit card payments are paid via SMURF. Students who have been approved for financial aid and do not see their "Anticipated Aid" on SMURF should consult the Campus Service Center at 510.879.9200. It is the student's responsibility to maintain their address and phone number on SMURF.

CREDITS ON STUDENT ACCOUNTS

When a credit balance is present on a student's account, disbursements will be processed within 14 days after the first day of class. If the credit balance occurs after the term has started, the credit balance will be disbursed within 14 days of the credit balance. This does not apply to tuition deposits.

NONPAYMENT OF TUITION AND FEES

To receive clearance from the Office of Student Accounts, the student must meet one of the following criteria: (1) paid all amounts owed, (2) enrolled in an approved payment plan, or (3) present proof that the balance will be covered by financial aid or third-party billing.

Students who have an unpaid balance with SMU may not register for subsequent terms. A "Business Office Hold" will be placed on the student's account. Students with poor payment history (returned checks, non-payment of payment plans) are required to pay in full at the time of registration for all charges posted to the student's account. If a student is enrolled in a payment plan and misses two consecutive monthly payments, SMU reserves the right to cancel the payment plan and place the student on a "Business Office Hold."

Our fees are subject to change without notice.

CLASS DROP AND WITHDRAWALS

If a student drops a course/courses during the add/drop period, but remains enrolled in other courses during the same term, their tuition will be adjusted. The add/drop period is the first two weeks of each term. A student will not receive a refund if a class is dropped after the add/drop period.

Students who take a leave of absence, withdraw or are dismissed from Samuel Merritt University programs for any reason, will owe for current semester units and units completed in prior semesters at the current per unit rate. These programs are sequential in nature; therefore, re-admitted students will be charged and billed at the current per-unit rate for the remainder of their matriculation.

REFUND POLICY---WITHDRAWAL/LEAVE OF ABSENCE

If the student is withdrawing or taking a leave of absence from the University, the student must complete the online withdrawal/LOA form to request a refund. Refunds are based upon the schedules in the following section. Fees are generally non-refundable. The University must follow current federal regulations in effect for students who receive Title IV (federal) financial aid. Students may petition for an exception to the refund policy. Students who wish to petition for an exception to the refund policy, may do so by submitting an email of explanation and any verification documents to studentaccounts@samuelmerritt.edu.

REFUND OF FEDERAL AID (Title IV Funds)	SAMUEL MERRITT UNIVERSITY TUITION REFUND
<p>The financial aid a student may keep is determined by the percentage of the term completed in days. For example, if a student withdraws from all classes on the 20th day of attendance of an academic term with one hundred (100) days, twenty percent (20%) of financial aid is considered earned and eighty percent (80%) is refunded to the appropriate student financial aid agency. This applies until sixty percent (60%) of the term is earned. When more than sixty percent (60%) of a term is earned, no federal funds must be refunded.</p> <p><i>Note: It is possible for a student to be responsible for one hundred percent (100%) of tuition charges but have "earned" only a portion of financial aid. For example, if a student withdraws after the 18th day of attendance in a term with 72 days and the withdrawal day is also the 5th week of class, no tuition refund is due the student; however, the student who earned only 25% of financial aid is responsible for a balance equal to 75% of tuition. Students should consult with the Financial Aid Office.</i></p>	<p>Fall, Spring, Summer Semesters</p> <ul style="list-style-type: none">• 1st week 85% tuition refunded• 2nd week 80% tuition refunded• 3rd week 75% tuition refunded• 4th week 75% tuition refunded• 5th – end 0% tuition refunded <p>Note: The above schedule is based on the date the official notice of withdrawal is received by the Registrar.</p>
