I **decline** the influenza vaccine at this time; and understand that **I will be required to wear a mask** in clinical facilities in which I am giving patient care. I have been informed that if I decline the annual flu vaccine, it may affect my ability to practice in a clinical location and prevent me from progressing in my academic program. I understand that I may change my mind at any time and accept the influenza vaccination, if vaccine is available. **I have submitted this form to Student Health Portal** so that my student health record will be updated.

I have received, read, and understand information concerning the risks and benefits of the vaccine. I acknowledge that California SB 739 requires all healthcare workers (including nursing students) to receive a flu vaccination, or wear a mask in addition to signing a declination form.
